All,

See attached for a copy of the sign-in sheet from yesterday's meeting. It is also transcribed into an excel spreadsheet that helps to identify each person's role.

Marino/Will,

With regards to what was discussed yesterday (and just this morning on our call, Will) about potential upcoming street improvements that may affect E.Chicago Ave, McCook Ave, Private Dr, etc. over the course of the next couple years, could you please discuss internally and let this team know when/if street improvement work may occur throughout any portion of the USS Lead Superfund Site.

Thx

Dan
